

# Paper Doll Design Kit

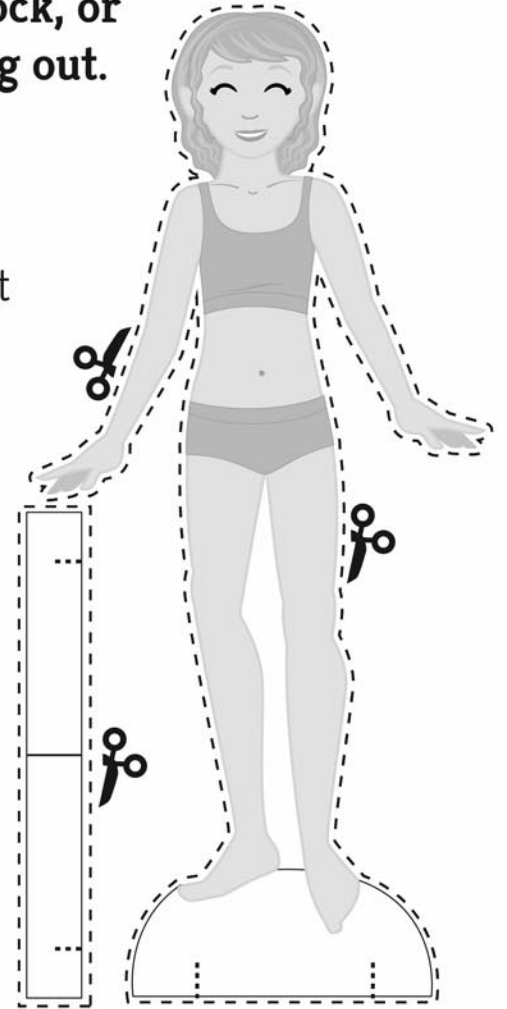

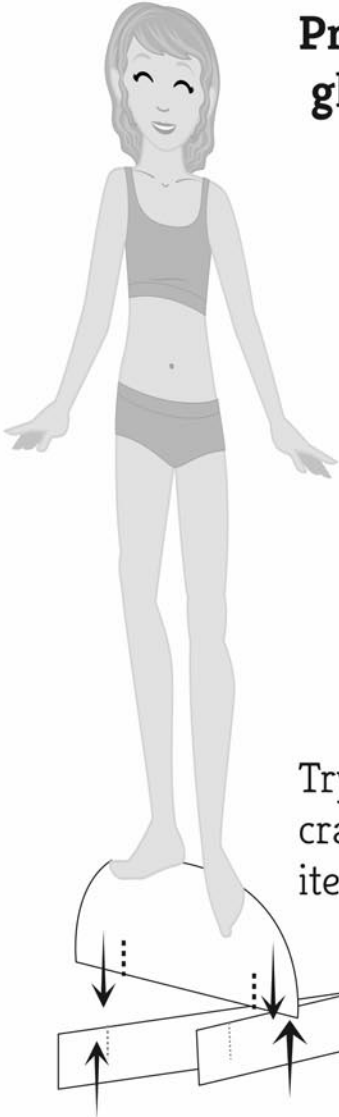

## Summer Fun!

**Print dolls on heavy paper or cardstock, or glue to light cardstock before cutting out.**

1. Print pages. Color and add your designs.
2. Using sharp scissors, carefully cut out the clothes, doll and stand.
3. Cut slits in the stand and base, then fold the stand in half on the solid line, like the diagram.
4. Attach the stand on the base of the doll with the slits.

Try different materials—markers, pencils, crayons, stickers, embellishments, collage items and more. Or color digitally!

Design your own looks with stripes, plaids, polka dots & other patterns!

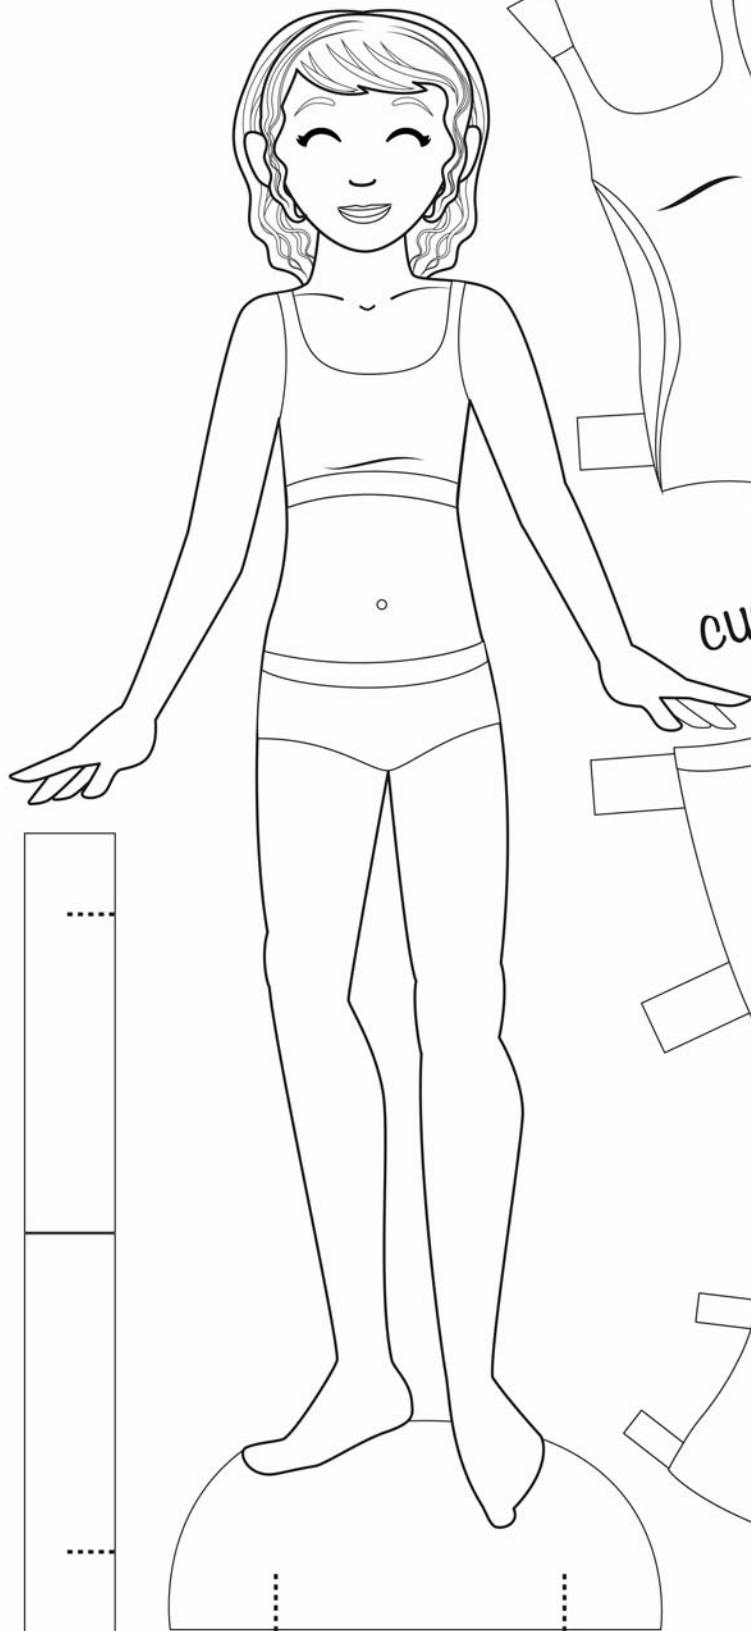

## Have fun... and happy paperdolling!
